

Map G-6 Wells with High Levels of Volatile Organic Compounds: 2000

Map Features

- Village of Cottage Grove
- Roads
- Surface water

Map Legend

Drinking Water Supply Wells

- Enforcement Standard Exceedences
- Preventative Action Limit Exceedences

- Hydrite Chemical Co. Groundwater Monitoring Area (2001, 2nd quarter)

Notes:

- The data was extracted using the GRN system from data in the Public Water Supply and Private Water Supply database systems and provided by the Wisconsin DNR.
- The size of the circle has no meaning. The center of each circle identifies the general location of a well meeting the stated parameters.

Data Sources:

Base map provided by and copyright of Dane County and the Dane County Land Information Office.
DNR groundwater data provided by: Wisconsin DNR.
